SUMMARY

Experienced front-end engineer skilled in TypeScript and React. Proficient in creating reusable components and enhancing design systems, with a strong passion for continuous learning and staying up to date with the latest technologies

EXPERIENCE

Frontend Engineer

SQLI

📅 03/2023 - Present

- Developed and maintained reusable SDKs using React to streamline front-end development across multiple projects.
- Significantly contributed to the development of a design system components library.
- Successfully debugged and resolved critical issues reported by other teams.
- Utilized React Testing Library to write comprehensive unit tests for SDK components.
- Participated in daily stand-up meetings and contributed to team decision-making processes.

Full-Stack Developer Intern

Ministry of economy and finance

📅 08/2022 - 10/2022

- Worked on a web application that helped the ministry manage their departments and services.
- Developed the front-end with React.js and Tailwind, and the back-end with ASP.NET
- Implemented authentication, dashboard charts and CRUD operations.

EDUCATION

Engineering Diploma in Software Engineering

The National School of Applied Sciences

📅 09/2018 - 06/2023 📍 Kenitra, Morocco

PROJECTS

NextJS E-commerce web app

Developed a full-stack e-commerce web application using Next.js, Tailwind CSS, and Strapi

Shadcn/ui theme generator

Developed and deployed a tool using Next.js to generate and visualize themes for the shadcn/ui (a UI library) and export them to your project

ACHIEVEMENTS

🏆 "Best Overall Project" Winner at the Dev.to + Refine Hackathon

Won "Best Overall Project" at the Dev.to & Refine hackathon for building a React Native library that integrates with the Refine library, simplifying the creation of CRUD pages

SKILLS

Javascript Typescript ReactJS

NextJS NodeJS ExpressJS

Git MongoDB Postgresql

Jest/Vitest Figma Jira

React Native HTML/CSS
